

WRBA 2018 PRESENTATIONS

(Draft, subject to change)

- [Atlantic Combustion Technologies Inc.](#)
“Improving the operating efficiencies of industrial biomass-fueled furnaces and boilers”
- [Case M&I](#)
“Turbine Overspeed Prevention/Protection”
- [Clean Air Engineering](#)
“Preparing for a successful source test”
- [Detroit Stoker Co.](#)
“Technical Consideration for Auxiliary Fuels Applied to Solid Fuel Boilers”
- [Enertechnix Process Sensors, Inc.](#)
“New advances in boiler imaging technology”
- [Garratt Callahan](#)
“Condensation/Steam Line Corrosion Protection”
- [Gecko Robotics](#)
“Robotic inspection of boiler tubes, tanks and vessels”
- [Jammies Environmental Inc](#)
“Confined spaces, hands free cleaning”
- [Jansen Combustion and Boiler Technologies, inc.](#)
“Boiler Efficiency Evaluations”
- [Montrose Air Quality Services](#)
“Future air requirements”
- [Nalco Water](#)
“Steam, the rest is just minor details!”
- [Taurus Power and Controls, Inc.](#)
“Power management problems”
- [Zampell](#)
“General refractory presentation”
